Case Study

Introduction

Grameen Danone Foods Ltd. is **Social Business** founded by Mr. **Muhammad Yunus (Noble Lauret, Founder of Grameen & Chief Advisor of Bangladesh)** and **Danone from France**.

Major Pain Points

1. Managing Manufacturing and Quality in fresh food production.
2. Purchasing Raw Milk from more than 400 farmers daily.
3. Handling customer feedback (helpdesk) and complaint.

Scope of work:

Supply Chain, Production, Quality, Helpdesk, Payroll, Accounting and Finance.

Our Solution

We have implemented Odoo in **3 months** with 30 User License. Project is now live since November 1, 2021, continuous enhancement is in progress.

Major Challenges

1. Resistance from functional Dept. Heads.
2. Handling complex Manufacturing Process.
3. Integrating Helpdesk with Quality and Production Process.

Significant Milestone

1. **Tally was scrapped** from day 1 and GDFL has closed **4 Fiscal Years till 2025**.
2. Odoo Migration to **V18** done in 2026

Case Study

This project took a place in Odoo's **Global Reference Book!** Odoo has published a Success Story on this Project in its official **YouTube** Channel.

PREMIER 1888 LTD

Manufacturers and Exporters of Textile Terry & Non-Terry Products

Weaving a Better World®

Introduction

Premier1888 is a Towel Manufacturing company from **CEPZ**, Chattogram, operating **since 1982**, having yearly revenue around **100M USD** with almost **3,500 employees** and **workers**.

Major Pain Points

1. They had misleading reports of stock from Production and Warehouse team.
2. They were struggling to remain compliant in Production and Quality from Customer Point of view (Walmart, Ikea etc.)

Scope of work:

Supply Chain, Production, Quality, Accounting and Finance.

Our Solution

We have implemented Odoo in **18 months** with 122 User License. Project is now live since July 1, 2025, further enhancement is in progress.

Major Challenges

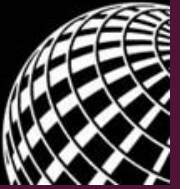

1. Change of Management during implementation.
2. Resistance from End Users after go-live.
3. Messy Master data: Product, Customer and Vendor

Significant Milestone

1. Big Bang approach was followed for Go-Live.
2. Q1 of FY 2025-2026 has been successfully closed.

Case Study

Cross-world

Introduction

CWPL is a company from **Power Sector**, operating **since 1982**, having yearly revenue around **1B BDT** with almost **300 employees**.

Major Pain Points

1. They had no idea of actual Inventory or stock of product
2. They always missed the schedule for account closing.
3. Manual approval process which was difficult to verify when required.

Scope of work:

CRM, Supply Chain, Production, Quality, Service, Payroll, Accounting and Finance.

Our Solution

We have implemented Odoo in **12 months** with 75 User License. Project is now live since July 1, 2023, further enhancement is in progress.

Major Challenges

1. Change of Management during implementation.
2. Resistance from End Users (go-live in 2nd attempt)
3. Messy Master data: Product, Customer and Vendor

Significant Milestone

1. **Tally is now scrapped** and CWPL is getting complete financial reports from Odoo directly as and when required.
2. Planning for version upgrade in Q1 2026

Our Major Custom Module

1. **Import Commercial with Landed Cost** automation - Covers any business sector
2. **Export Commercial** with Packing & Loading Operations - Textile Industry
